PLEASANT FAMILY GATHERING

HELD AT THE BALLARD HOME

Thursday.

[BY ASSOCIATED PRESS.]

Union, Wis., Aug. 30.—Last Thursday afternoon a very pleasant family gathering was held at the home of Mr. and Mrs. Chas. Ballard. Nearly all the relatives in the vicinity of Janesville were present, also Mr. and Mrs. Will Linton of Orfordville. About five o'clock, thirty-one relatives partook of a beautiful repast. At one table were seated six little ones between two and four years of age. After a very delightful afternoon the guests departed, each expressing the wish that the relatives may enjoy a family gathering at least once a year.

Mr. T. A. Atchley of La Prairie, Ill., and Mrs. Roxie Bone were married at Madison last Thursday. Mrs. Bone is well known in this vicinity and her many friends extend congratulations.

Mr. and Mrs. Harley Wall, Miss Daisy Wall and Mr. Sam Shaver spent Sunday at Lake Kegonsa.

Mrs. H. S. Carson and children, who reside west of Janesville, visited Friday with Mrs. Chas. Ballard.

Mrs. Nels Rasmussen is very ill.

MOTHER'S "NOTIONS"

Good for Young People to Follow.

"My little grandson often comes up to show me how large the muscles of his arms are."

"He was a delicate child, but has developed into a strong, healthy boy and I believe has been the principal factor."

"I was induced to give him the Postum because of my own experience with it."

"I am sixty years old, and have been a victim of nervous dyspepsia for many years. Have tried all sorts of medicines and had treatment from many physicians, but no permanent relief came. I believe nervous dyspepsia suffer more than other sick people, as they are affected mentally as well as physically."

"I used to read the Postum advertisements in our paper. At first I gave but little attention to them, thinking it was a fraud like so many I had tried, but finally something in one of the advertisements made me conclude to try it."

"I was very particular to have it prepared strictly according to directions, and used good, rich cream. It was very nice indeed, and about bedtime I said to the members of the family that I believed I felt better. One of them laughed and said, 'That's another of mother's notions,' but the notion has not left me yet."

"I continued to improve right along after leaving off coffee and taking Postum, and now after three years use I feel so well that I am almost young again. I know Postum was the cause of the change in my health and I cannot say too much in its favor. I wish I could persuade all nervous people to use it."

Read "The Road to Wellville," found in place. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

TENNESSEE HAD NO DROUTH THIS YEAR

Mrs. Eunice McDaniel Tells of Summer Weather There—Also Describes "Freeze" Tourists.

Writing from her home on the Cumberland plateau in Tennessee, Mrs. Eunice E. McDaniel, formerly of this county, has something interesting to tell of the weather, crops and amusements in that section of the country. She also relates an amusing incident which occurred recently, with herself and a "smart" auto owner, with a delapidated machine as the principals. Her letter follows:

I have been reading of the drouth and hot weather in Rock county and am glad it is over at last. Here in Tennessee we had more rain than we needed in July while the wheat and corn were in shock. Some late corn was damaged and turned yellow but crops are generally very good. Apples are very plentiful and peaches a fair crop. I wonder how any fruit is raised at all as no attention is paid to the trees. But we gather the fruit all summer. Grand results could be had if the trees were taken care of, but a few fine new peach orchards are being set out. They grow rapidly and this should be quite a peach country. Blackberries and all kinds of small fruit, except grapes and strawberries, were very plentiful and now, melons, melons, melons. Everybody has melons. And fine weather—our hottest day was 96 degrees but the constant breeze from the plateau makes every shady place cool. Nights are always cool and mornings is the time to work until about ten o'clock. Then the sun begins to warm up, but the heat is not scorching at all, so that I have never heard of a sunstroke on the Cumberland Plateau. I like these long cool summers. Pasture and water for stock is abundant on the "barrens" or waste land. The water is supplied by small streams called "branches." That and the grass make fine living for cattle and horses about eight months in the year. They get fat on that food and are called "meat food." The fat, however, is soft or oily until they are taken off from the acorns and fed some corn. The "razor back" has found a place in the world other than Tennessee, for they are shipped from here by carloads. I don't know where, but they are fed a while and next heard of as "fancy bacon," "Smithfield ham," and other things good to eat.

One good thing for the stock grower here is the low taxes. One thousand dollars worth of sheep or cattle can be carried with no tax at all, free pasture and water, eight months in the year, but will starve in winter if not fed. We have people here from Ohio, Illinois, Kentucky and Indiana and more coming on the excursions, 1st and 3rd Tuesday of every month. Every place sold is a little higher in price. Seven buyers in one crowd here two weeks ago. Farmers are delivering Irish potatoes to a car at Hickerson, four miles from here, for fifty cents per bushel.

I enjoyed Mr. Watt's description of Lake Tahoe and wish I had talent to make scenes so well understood. Then I could tell you better of mountains and caves and cascades and falls and beautiful springs and rivers, but do not feel that I can do them justice.

It seems to be the fact now for people with old, wheezy automobiles to come south and stop everywhere and ask all sorts of questions. The last smart person came with a "Seelye" machine in the rain and mud and told some people they had come out from Nashville to demonstrate and would show the natives that he could go on any road. He was told how to get to a road where it took four good horses to pull them out. They stopped at our place and asked the way to Sparta. We did not know. He said: "I want to go by way of Pelham. I come from Chicago. Ever hear of Chicago?" He was a rapid talker. I was so surprised by that question. I guess he thought I was afraid of the auto, for he went on fast as he could speak. "Ever see an automobile?" Got a fine machine. Cost twenty-two hundred, will sell for a thousand and get out of here; will trade for land; you folks own land; auto do you more good. He then stopped to breathe and seemed to expect an answer. I looked out and saw the twenty-two hundred dollar machine and said: "Oh, a Seelye & Hooker. I can get two like that and have them shipped here for less than you ask for that. Besides I don't like that wagon box finish." He started for the gateway very fast, then shouted back, looking over his shoulder: "Say, where did you come from—here?" I said "about ten miles from Janesville, Wis., over a year ago, automobiles pass every day." What he said to his partner I could not hear but they never were in this neighborhood again.

This last week in August is "fair week" at Tullahoma but there are so many places to go all the time, Camp meetings, Sunday school, conventions, farmers' picnic and meeting of some kind all the time. Besides trips to the mountains and big fish dinners at the rivers. It keeps us hustling to get time to stay at home at all. If anyone wants to know more of this country I will tell them the worst I know for I have nothing to sell and don't want to see people disappointed but we want good settlers here who need homes.

TELLS OF DANGERS OF WESTERN FIRES

Monroe Resident's Son Describes Perils to Which He and His Family Were Exposed by Forest Fires.

(SPECIAL TO THE GAZETTE.)

Monroe, Wis., Aug. 30.—A. Lytle of this city has just received word from his son, Sam Lytle, formerly of this city and now engaged in the jewelry business at Pinedale, Idaho, as to the extent of the forest fires about that city. Mr. Lytle and family were directly in the center of the fire zone and all of their belongings with their home were consumed in the fire. The store was saved and Mr. Lytle is now living in a tent at the rear of his store. The women and children were all taken to Spokane on board a special train and as they passed through the burning region the paint was burned off the coaches and in some of the windows the glass was melted. The heat was so intense that men jumping into the creek and river were burned and the fish were killed. The country about Pinedale is enveloped in a cloud of smoke and the sun is a ball of fire. This food situation is becoming serious.

Mr. and Mrs. J. B. Trout have returned from a visit of several months with their son, Harry W. Trout, at Seattle. Mr. Trout suffered from rheumatism while there and has not yet fully recovered.

Mr. and Mrs. George E. Soller of La Crosse are the parents of a little son, word reaching the grandparents, Dr. and Mrs. George Soller, yesterday.

Mr. and Mrs. Peter Shea and baby, who have been making an extended visit here to her parents, Mr. and Mrs. Chas. P. Grochowsky, returned home to Chicago yesterday afternoon.

Mrs. W. P. Jackson and Miss Edna Holander are spending a few days in Chicago. The latter will select the fall line of millinery goods for the Holander store.

W. A. Becker has sold his home on Lybrand street to C. F. Pugh of Sylvestor, the consideration being \$3,000.

Robert Miller and Leander Duncan have returned from Prairie du Chien where they have been taking treatment at the sanitarium. Both return greatly benefited.

Mrs. Sarah Ward and daughter, Miss Bessie Ward, are in Milwaukee. Miss Ward will enter the state normal school there.

Photographer E. H. Glesgo is attending the Lens and Light League convention at Madison today.

George Irwin, H. C. Van Wagenen and John Van Wagenen were among those who saw the Cubs play against New York in Chicago.

Roy, W. W. Moore and James A. Huffman are attending the annual Methodist conference at Reedsburg.

Mrs. G. H. McLean has gone to Toledo, Mo., for a visit with her daughter, Mrs. Marion Crane.

Otto Stober and family have gone to Clinton, Mo., to reside permanently.

In Germs' Death.

After a sickness of nearly four years with diabetes, death came to the relief of Mrs. Daniels at eight-twenty o'clock Saturday evening. Mrs. Daniels was born at Rutland, Wis. April 1870 and lived there until 1885 when she came with her parents, Mr. and Mrs. W. W. Daniels to Evansville. He was a student at both the high school and seminary. In 1893 he was married to Miss Bertha Smith and since then has been engaged in the nursery business, paying special attention to small fruit and market gardening. Besides his wife he leaves to mourn one daughter, Marion, his mother, two sisters, Mrs. Fred Hall of this city and Mrs. E. A. Emma of Perry, Iowa, and one brother, A. H. Daniels of Plandora, S. Dakota. The funeral will be held from the Free Baptist church Tuesday forenoon at ten thirty o'clock and will be in charge of the Modern Woodmen. The Rev. Ellen A. Copp will officiate.

A large quantity of cans are being unloaded at the new canning factory today. The company expect to open up for business some time during the week. The outlook for a busy season is good. The rain of the past few days has greatly benefited the corn crop and the tomatoes are as a whole very good.

GREAT LAND SALE

Vast Tract of Rich Land in the Bound Lake Country, Wisconsin, Opened to Settlement by the American Immigration Co., of Chippewa Falls, Wis.

RAILS AROUND WIDESPREAD INTEREST

The lumbermen have at last released for settlement their vast tracts of rich Wisconsin land, a total of over 500,000 acres. The very heart of the land, comprising 150,000 acres in the famous Round Lake Country, in Sawyer County, Wis., is now being cut up into farms and sold at from \$25.00 to \$200 per acre and 1000 ft. of timber.

The low prices and easy terms on which this rich land may be secured, challenge the attention of the owner of high-priced land and the tenant farmer as well.

The American Immigration Company's great development plans are rapidly bearing fruit and new towns are being laid out, new railroads are coming, and settlers are busily building homes and getting the land under cultivation.

Grove lands are in the very heart of the state's richest dairy section. Clover grows in such abundance that this region is known as the great country for stock raising. The land is capable of producing big crops of grain, fruit and vegetables.

On much of this land there is enough timber to pay for it and furnish all the lumber for the necessary farm buildings. It is a country of abundant rainfall and the parent of water.

One out of every ten who visit the American Immigration Company's land become purchasers. The Company refunds railroad fare to purchasers.

Send for free maps, descriptive book, and all necessary information at once to the local representatives of the company and get your pick of the land.
